

Demo site 3 - Club J12

ClubJ12, Calcot's Premier nightclub

Lightquick have built an entirely new site for ClubJ12, a brand new nightclub in Calcot near Reading. The new site features a Joomla CMS front-end using an exciting and fashionable template for Joomla. ClubJ12 website is now managed entirely by the client and the new owner is managing his own content without any further need of assistance from the web designers. Another successful handover.

Testimonial - "With Lightquick we got a professional site up in a very short timeframe for little cost "
- The Management Team of Club J12.
